Summer Reading Requirement

Heritage Christian Academy has consistently emphasized reading quality literature. Through books, we enter into the thoughts and lives of others, growing and learning alongside them, succeeding and failing, rejoicing and grieving, journeying and learning. It is among our greatest human delights. One of our responsibilities as educators and parents is to see that our children acquire not only the ability to read well, but also acquire a taste for what is good and beautiful in literature.

In addition to the books that students read in class at HCA with their classmates and teachers, we hope to help students develop the habit of reading books on their own. **In order to do this, we require students going into first grade through sixth grade to keep a “reading log” of the books they read throughout the summer.**

Our reading list is categorized by grade level and reading level. It also includes recommended texts to read aloud to children. For each grade level we selected books that:

- enlarge a student’s imagination about God, the world, or humanity
- evidence the highest quality writing and storytelling
- are “age-appropriate,” even if challenging
- have endured the test of time or have influenced literature culture
- integrate with other areas of the curriculum

Procedure

Each book students read will count as a particular point-value based on its length. At least half of the points earned should derive from reading books from the suggested list, and half of the points earned can come from reading self-selected books. Students will receive a grade (1st Quarter) based on their accumulated points for the summer.

Students may earn points for a book if

- a) they read it on their own,
- b) someone reads it to them, or
- c) they listen to an audio version of the book.

In order to encourage families to read together, when they do so, each student in the family will receive the appropriate credit for the book, according to their grade levels. If a child listens to an audio version of a book, we ask parents to verify that their children are appropriately attentive while the recording is playing.

If you have any questions, please contact Valerie Brown. valerie.brown@heritagechristian.info
